You're correct! The revised application was not in our new database. I'm so glad you forwarded the messages along with the revised SF-424/424A. Your revised-revised application amount should be **\$6,576,893**.

Thanks Jer!

No worries. I'll try to see if I can download the forms again from grants.gov.

I thought we submitted a revised FY21 application in August for \$6,384,497 to also include the remaining balance of \$62,625 for these 3 FY20 projects? Should the amount on the revised application be for \$6,576,893?

Thank you,

Hi Jer,

I only have the pdf forms that were submitted into grants.gov, and they are not editable. Sorry.

Hi Jer,

CARB's full CAA 105 funding amount for FY21 is **\$6,514,268**. This amount includes:

\$6,416,700	Base Funding
<u>\$170,000</u>	FY21 Border Projects
\$6,586,700	FY21 Amount
<u>-\$72,432</u>	WESTAR Contribution for FY21 (amount from my 4/21/21 email)
<b>\$6,514,268</b>	<b>Total FY21 CAA 105 Award Amount</b>

The federal funding amount requested on your FY21 application is \$6,321,872, which is \$192,396 more than EPA's final FY21 funding amount. To receive your full funding amount of **\$6,514,268**, please send the following:

- a revised SF424 (signed and dated)
- a revised SF424A
- an updated budget detail sheet
- a revised workplan to include the new border projects approved on April 29, 2021 via email from Idalia Perez to Ryan Atencio and Chanell Fletcher

Please send the above documents by May 7, 2021. I will extend your current grant to September 30, 2022, when I award the final FY21 funding amount.

Feel free to call or respond to this email if you have any questions or if the WESTAR contribution is incorrect.

Thanks!

- Angie
